

About Me

Welcome to third grade! This is my third year teaching third grade, and I'm looking forward to a fantastic year of adventures and learning. I was born and raised in Lakeland, and love exploring coffee shops with Molly, my sweet pup. When I'm not at school, I love knitting, crocheting, reading books, and working on jigsaw puzzles.

Education

I graduated from Florida Southern College (Go Mocs!) in Spring 2019 with my Bachelor of Science in Elementary Education K-6. This spring, I'll graduate with my Masters of Education in Transformational Curriculum and Instruction at FSC.
