

McKeel Serves

Join your fellow Wildcats the last week of June to make a difference in our community! Students participating in McKeel Serves will volunteer to play with dogs at a local rescue, deliver meals to senior adults, and sort clothing donations & school supplies for local foster families. Other possible service opportunities that week include visiting senior adult centers to play games & assist with memory care, and landscaping for those in need. Our club is open to high school students grades 9-12, who want to have fun, make a difference, and have the chance to earn community service hours. We will meet at various sites around Lakeland each morning at 9 AM and wrap up by 1 PM each day. Students MUST be able to have transportation to and from the locations. See Mrs. Baine or Mrs. Mungrue for all the details.
